Bachelor's Computer Science 2026

**Saint Brother Andre Catholic High School** Sept. 2017 - June 2021  
High School Diploma 2021

## EMPLOYMENT

---

**Chatime Canada, Tearista, Scarborough, Ontario** May 2022 - Sept. 2022, May 2022 - Sept. 2022  
Become a Tearista with good teamworking skills and communication skills  
Ran a store from 9 am to 11 pm with 2-3 people  
Worked as a team to keep products high quality with efficiency  
Gained leadership skills, team working skills, and communication skills

**Tiger Kicks Martial Arts, Taekwondo Instructor, Richmond Hill, Ontario** May 2022 - Sept. 2022, May 2022 - Sept. 2022  
Become an instructor with 2 years of teaching experience, and good teamworking skills  
Collaborated with 4-5 instructors to lead, clean, organize, and train student's skills and techniques  
Gained leadership skills, as well as communication skills throughout the 4 month period, therefore improving my leadership skills and communication skills

## SKILLS

---

**TECHNICAL SKILLS:** Programming Languages: Java, Python, C, HTML, CSS, SQL,  
Experience using Microsoft Word, Microsoft Excel, Microsoft Powerpoint, Microsoft Outlook, and Microsoft Visual Studio Code, OOP (Object-Oriented Programming),  
GUI and Debugging, Data Structures and Algorithms

**COMMUNICATION SKILLS:** Fluent in English: oral, written, reading, Proficient in Korean: oral, written, reading

## PROJECTS

---

**NotLate Discord Bot** Sept. 2022 - Dec. 2022  
Wanted to create a discord bot to help students focus on their studies and other things such as creating deadlines, homework alerts, etc.  
Research tips and tricks for creating your first discord bot  
Research on how to start and other ideas revolving around the beginning of the project  
Gained more knowledge of the Discord API, Python, and communication skills

**Personal Website Portfolio** Aug. 2022 - Oct. 2022  
Create a website that showcases all my created projects, skills, and social media platforms  
Researched programming languages (HTML, CSS, JavaScript) before starting a project  
Used HTML, CSS, and JavaScript as the main languages for my portfolio  
Used Microsoft VS Code, with multiple extensions and a live server for live viewing while adding or editing code  
Learned how to code in several more programming languages, and improved my debugging skills as there were many syntax errors throughout the project.

**RateMyDate McHacks Project** Jan. 2022 - Jan. 2022  
Had to create a project within 24 hours with a team of four  
Brainstormed ideas for our project and split ourselves into teams of 2 for front and back-end development  
Part of the front-end team and used HTML, PUG, CSS, and JavaScript, and also implemented Node.js and MongoDB  
Used Microsoft VS Code with Git extensions and Google Maps API as our main topic  
Learned Google Maps API as well as refreshed my knowledge of front-end languages

## AWARDS

---

**McHacks 10 Participant, McGill University** Jan. 2023

## VOLUNTEERING

---

**Asian Canadian Association at Carleton, VP Events/Research Executive Member** Sept. 2022 - Current  
Ottawa, Ontario  
Found a research position to keep me up to date on events surrounding Asian cultures/events and had to be interviewed by Club President for a position  
Work with a partner as well as the social media team to create informative posts on our social media platform  
Collect feedback from each event and ask each attendee their thoughts and wishes for future events  
Gained Interview experience and further improved my team working skills
